OBJECTIVE

A highly motivated and adaptable recent graduate with a Diploma in Information Technology seeking an entry-level position in my field to apply my skills and contribute to the success of the company

ACADEMICS DETAILS

2021-2024 Diploma in Information Technology, from Motilal Nehru Government Polytechnic

SKILLS

TECHNICAL SKILLS

Front-end: React
Back-end: Spring boot , Java
Database: MySQL, MongoDB
Version control: Git and GitHub

NON-TECHNICAL SKILLS

Good Communication
Problem solving

PROJECT

Quiz Application Using Microservices

- Developed a scalable quiz application using microservices architecture with Spring Boot framework.
- Implemented user management, quiz creation, question handling, scoring, and result generation functionalities.
- Utilized Java, Spring Boot, MySQL, and RESTful APIs for development.
- Designed and implemented microservices architecture for seamless communication and high scalability.

Liver Disease Prediction

- Developed a liver disease prediction model using Python with TensorFlow and Keras libraries.
- Implemented data preprocessing, feature engineering, and model training for accurate disease prediction.
- Implemented a neural network-based binary classifier using TensorFlow and Keras, leveraging techniques like dense layers, activation functions, and dropout regularization.
